There were 24 elementary school students recognized for having "All A's" during the first semester, and 13 students in grades 7 -12. Congratulations to all these students for the excellent work in the classroom.

New Website Coming to Continental School

This month, Continental School is unveiling a new webpage design. We believe the new site is more appealing to look at, allows us to more easily incorporate school colors, news items, alerts, and much more. We hope you will take some time and look around the new site. It is still a bit of a work in progress, but we hope you enjoy it much more than the old one...www.continentalpirates.org
