Elementary Parking Lot Safety Concerns Expressed

With the changing weather conditions, we find it necessary to ask parents to keep student safety in mind – especially in the elementary parking lot when dropping students off and picking them up after school.

Parents are reminded that they should never leave their vehicle unattended at the curb. If you need to enter the building, please park your vehicle in a parking spot and enter the building. Also, if you are there to pick your child up after school, again, please park your car and wait for them to exit the building. Handicapped spaces should only be used by those who are handicapped or are transporting handicapped children. Parents should be patient during this time and keep the safety of all children in mind.

Reminder for Parents About Winter Sports Alerts

Parents are reminded that they have the ability and option to sign up to receive alerts regarding athletic contests. This may be used for games, and in some cases practices. Simply go to ohioalerts.org/Continental on the internet to sign up.
